## INDEPENDENT AUDITOR'S REPORT

To the Commissioners  
Sabine Neches Navigation District – Jefferson County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Sabine Neches Navigation District – Jefferson County, Texas as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund, and the aggregate remaining fund information of Sabine Neches Navigation District – Jefferson County, Texas, as of

September 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information on pages 3–8 and 39–43 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sabine Neches Navigation District – Jefferson County, Texas' basic financial statements. The accompanying Texas Supplementary Information on pages 44-55 are presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The Texas Supplementary Information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

***MANAGEMENT'S DISCUSSION AND ANALYSIS***

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
For the Year Ended September 30, 2019

As management of the Sabine-Neches Navigation District, Jefferson County, Texas (the "District"), we offer readers of the District's basic financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with the financial statements and notes thereto, which follow this section.

***OVERVIEW OF THE FINANCIAL STATEMENTS***

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of the following: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information of all of the District's assets, and deferred outflows and deferred inflows of resources and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (i.e. uncollected property taxes).

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Sabine-Neches Navigation District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

All of the District's basic services are included in the governmental fund, which focus on how resources flow in and out with the balances remaining at the year-end that are available for spending. The governmental funds statements provide a detailed short-term view to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's activities. Because this information does not encompass the additional long-term focus of the government-wide statements, we describe the relationship between governmental activities and governmental funds through the reconciliations and in the notes to the financial statements.

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

Jefferson County, Texas

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
- Continued -

***FINANCIAL HIGHLIGHTS***

- The net position for the District at September 30, 2019 was \$111,684,423.
- The District's net position increased by \$13,489,211 for the year ended September 30, 2019.
- The District continues to fund the Sabine-Neches Waterway Security Operations in conjunction with the Jefferson County Sherriff's Office. Upon request by the office of Homeland Security through the office of the U.S. Coast Guard Captain of the Port of Port Arthur, the Jefferson County Sherriff's Office and the Sabine-Neches Navigation District cooperate to provide and enhance services for the enforcement of maritime safety and security zones of the Sabine-Neches Waterway (SNWW). The District levies a security service fee on cargo-tonnage delivered to SNWW terminals to fund security operations.
- The District continues to act as non-Federal sponsor for the Sabine-Neches waterway to the U.S. Army Corps of Engineers (USACE). Under the Partner Cooperation Agreement, Congressionally authorized in 1962 between the District and USACE, the Sabine-Neches Navigation District funds 100% of dredge material placement area maintenance and acquisition of lands, as well as the local share of the federal ship channel project.

***FINANCIAL ANALYSIS***

A portion of the District's total net position (14.77%) reflects its investment in capital assets (e.g., land, structures, and furniture and equipment) net of related debt. The District uses these assets to provide services to its citizens; consequently these assets are not available for future spending. The restricted portion of the District's total net position (73.25%) is restricted for debt service, special revenue (waterway security), capital projects, and promotion and development.

The District's Revenue Bond ratings are listed below:

	<u><i>Moody's Investor Service</i></u>	<u><i>Standard &amp; Poor's</i></u>	<u><i>Fitch</i></u>
Revenue Bonds	Aaa	Not rated	AAA

***THE BUDGET, ECONOMIC ENVIRONMENT, AND RATES***

The original budget of the general fund projected a \$500,408 net of transfers, increase in fund balance. The original budget was amended with \$1,257,133 increase in expenditures related to miscellaneous services and repairs and maintenance. The final budget of the general fund projected a \$757,799, net of transfers, decrease in fund balance.

The main differences between the final budget and actual results are briefly summarized as follows:

- Actual tax revenues were over budgeted by (\$489,055) and actual revenue exceeded budgeted revenue by \$3,472,985.
- Total expenditures were under budgeted amounts by \$2,792,242 mainly because the District's anticipation of completing placement area maintenance projects in the current fiscal year.
- The District increased its tax rate to \$0.092067 in September 2017 in continued anticipation of the District's major Deepening Project to the Sabine Neches Waterway, which was approved by Congress in WRRDA14, Section 7002(1). Because of the tax rate increase, the District projects a continued increase in property tax revenue in future periods.

***REQUEST FOR INFORMATION***

The financial report is designed to provide our citizens, customers, investors and creditors with general overview of the District's finances. If you have questions about this report or need any additional information, contact the Department of Finance, Sabine-Neches Navigation District at 8180 Anchor Drive, Port Arthur, Texas, U.S.A. 77627, or call (409) 729-4588.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION**  
For Year Ended September 30, 2019

Governmental fund balances as reported on the balance sheet for governmental funds	\$ 95,296,466
--	---------------

When capital assets that are to be used in governmental funds are purchased, the costs of those assets are reported as expenditures in governmental funds. However, the Statement of Net Position includes those capital assets among the assets of the District.

Cost of capital assets, net of accumulated depreciation	26,217,682
---	------------

Long-term liabilities of the District's governmental activities are not due and payable in the current period, therefore are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the Statement of Net Position.

General obligation bonds payable	(9,725,000)
Accrued interest expense	(70,152)
Pension Liability	(145,380)
Other post-employment benefits obligation	(1,006,913)

Deferred Outflows/Inflows of resources related to pension and other post-employment benefits are not due and payable in the current period, therefore are not reported in the funds. However they are reported in the Statement of Net Position.

Pension related deferred outflows	207,917
Pension related deferred inflows	(53,023)
Other post-employment benefits deferred inflows	(42,702)

Deferred property tax revenue, waterway security fee revenue, and placement area usage revenue is recorded as a liability in the governmental funds. However, that revenue should have been recognized when reported using full accrual.

Unearned revenues	3,012
Deferred property tax revenues	<u>1,002,516</u>

Total net position as reported on the Statement of Net Position for governmental activities	\$ <u><u>111,684,423</u></u>
---	------------------------------

The accompanying notes are an integral part of these financial statements.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES  
AND CHANGES IN NET POSITION TO THE STATEMENT OF ACTIVITIES**  
For Year Ended September 30, 2019

Net change in fund balances for total governmental funds	\$ 13,678,361
<p>Certain pension contributions and changes in the pension plan net position are reported as deferred outflows of resources in the government-wide financial statements. Additional pension expense is reported in the government-wide financial statements as the deferred outflows are amortized and the net pension liability changes from year to year.</p>	
	(3,688)
<p>When capital assets that are to be used in governmental funds are purchased, those costs are reported as expenditures in the governmental funds. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives.</p>	
Current year capital asset purchase costs	268,902
Current year depreciation expense	(1,082,107)
<p>The issuance of debt provides current resources to governmental funds while, the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, the governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities</p>	
Principal paid	640,000
<p>Other post-employee benefits are not due and payable in the current period and, accordingly, are not reported as current period expenditures.</p>	
	(103,163)
<p>Interest expense on long-term liabilities of governmental debt is not due and payable in the current period and accordingly is not reported as current period expenditures. However, interest expense on the long-term debt of the governmental activities is accrued in the Statement of Activities.</p>	
Accrued interest on bonds payable - prior year	73,666
Accrued interest on bonds payable - current year	(70,152)
<p>Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the governmental funds.</p>	
Collections on prior year levies	(296,260)
Collections due from current levy	1,002,516
Unearned revenue	(618,864)
Change in net position of governmental activities	\$ 13,489,211

The accompanying notes are an integral part of these financial statements.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

***A. Financial Reporting Entity -***

The District was created July 12, 1909, following a favorable election held July 3, 1909 pursuant to the provisions of Article 3, Section 52 of the Texas Constitution. The creation is recorded in Volume 5, Page 244, of Minutes of Commissioners' Court of Jefferson County. During 1987, the name of the District was changed from Beaumont Navigation District of Jefferson County to Jefferson County Navigation District. Pursuant to legislation passed in 2001, the District's name was changed to Jefferson County Waterway and Navigation District and following a favorable election, the district changed to an Article 16, Section 59 Texas Constitution District with boundaries co-extensive with Jefferson County, Texas, along with all powers given to such a district pursuant to Chapters 49, 60, and 62 of the Texas Water Code. Effective September 1, 2008, the District's name was changed to Sabine-Neches Navigation District of Jefferson County, Texas, pursuant to House Bill No. 3634 enacted by the Legislature of the State of Texas. At the times of the District's name changes, all debt documents of the District were also changed to reflect the new names.

The accounting and reporting policies of the District relating to the funds included in the accompanying financial statements conform to generally accepted accounting principles applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled *Audits of State and Local Governmental Units* and by the Financial Accounting Standards Board (when applicable). The more significant accounting policies of the District are described below.

The District's financial statements include the accounts of all District operations. The criteria for including organizations as component units with the District reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether -

- the organization is legally separate (can sue and be sued in their own name).
- the District holds the corporate powers of the organization.
- the District appoints a voting majority of the organization's board.
- the District is able to impose its will on the organization.
- the organization has the potential to impose a financial benefit/burden on the District.
- there is fiscal dependency by the organization on the District.

Based on the aforementioned criteria, the District has no component units.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***

***B. Basis of Presentation -***

The government-wide financial statements (the statement of net position and governmental funds balance sheet and statement of activities and governmental funds revenues, expenditures and changes in fund balance) report information on all of the activities of the District. They include all funds of the District.

Governmental funds are those funds through which most governmental functions are typically financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental funds.

General Fund - The general fund is the main operating fund of the District. This fund is used to account for all financial resources devoted to financing the general services that the District performs. General tax revenues and other sources of revenue used to finance the fundamental operations of the District are included in this fund. The fund is charged with all costs of operating the District for which a separate fund has not been established.

Special Revenue Fund - The special revenue fund is used to provide waterway security services for businesses along the Sabine-Neches Waterway. The District collects fees from the various businesses based on tonnage shipped each month. The District contracts the waterway security services out to the Jefferson County Sheriff's department.

Debt Service Fund - The debt service fund is used to account for the accumulation of financial resources for the payment of principal, interest and related costs on general long-term debt paid primarily from taxes levied by the District. The fund balance of the debt service fund is reserved to signify the amounts that are restricted exclusively for debt service expenditures.

Capital Projects Fund - The capital projects fund is used to account for the financial resources to be used for the acquisition or construction of major capital facilities.

***C. Measurement Focus/Basis of Accounting -***

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets, deferred outflows and deferred inflows of resources, and liabilities (whether current or non-current) are included on the statement of net position and the statement of activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred. As a rule the effect of interfund activity has been eliminated.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Measurement Focus/Basis of Accounting - (Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, generally, 60 days is considered available. General property taxes and nontax revenues are recorded when received and investment earnings are recorded when earned. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures and expenditures related to compensated absences are recorded when paid for governmental funds.

**D. Using Estimates -**

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the balance sheet and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**E. Date of Management's Review -**

Management has evaluated subsequent events through March 6, 2020, the date the financial statements were available to be issued.

**F. Capital Assets -**

Capital assets are defined by the District as assets with an initial individual cost of \$5,000 or more and an estimated life in excess of one year. Capital assets include property, plant, and equipment, infrastructure assets (e.g. roads, bridges, sidewalks, drainage and similar items), and intangible assets (i.e., internally generated computer software) and are reported in the government-wide financial statements. Property and equipment acquired or constructed for general governmental operations are recorded as expenditures in the fund making the expenditure and capitalized at cost in the government-wide financial statements.

All capital assets are valued at cost. Where cost could not be determined from the available records, estimated historical cost was used to record the estimated value of the assets. Assets acquired by gift or bequest are recorded at their fair market values at the date of transfer. Depreciation has been calculated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Useful Life</u>
Structures	25 to 40 years
Furniture and equipment	5 to 20 years

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***

***G. Budgetary Control/Budget Basis of Accounting -***

The District follows these procedures in establishing the budgetary data reflected in the financial statements -

1. During midsummer, the District prepares a proposed budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Any revisions of the budget that alter the expenditures of any funds must be approved by the District's Board of Commissioners.
3. Formal budgetary integration is employed as a management control device during the year for the General and Debt Service Funds.
4. Budgets for the General Fund are adopted on a cash basis of accounting. The Budgetary Comparison Schedule - General Fund presents a comparison of budgetary data to actual results, as well as, a reconciliation between the budgetary basis and GAAP basis of accounting. Budgeted amounts are as originally adopted or as amended by the District.
5. A budget has not been adopted for the special revenue fund because it is not legally required to do so.

***H. Encumbrances -***

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budget integration in the General Fund. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities. Encumbrances outstanding at year-end are provided for in the subsequent year's budget. There were no encumbrances outstanding at September 30, 2019.

***I. Investments -***

Investments are principally government securities. Government securities are stated at cost which approximates fair value at September 30, 2019.

***J. Allowance for Doubtful Accounts -***

An allowance has been recorded for property taxes which are estimated to be uncollectible, as required by generally accepted accounting principles.

***K. Interest Capitalization -***

The District follows the policy of capitalizing interest as a component of the cost of property and equipment constructed for its own use.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***

***L. Interfund Balances and Transfers -***

Interfund receivables, payables, and transfers arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. The balances result from the time lag between the dates that reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made. Generally, interfund transactions pertain to debt service and capital outlay.

***M. Adjustments -***

The main components of the adjustments to the statement of net position are as follows:

Capital assets - Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds.

Long-term liabilities - Long-term liabilities that are not due and payable in the current period are not included in governmental funds.

Deferred Outflows/Inflows of Resources - Adjustments to net position are required for pension and other post-employment benefits. These adjustments are not included in governmental funds.

The main components of the adjustments to the statement of activities are as follows:

Capital assets - Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Long-term liabilities - Governmental funds report principal payments and debt as expenditures. However, the payments should not be reported as expense in the statement of activities, but as a reduction of debt in the statement of net position. Change in compensated absences does not require (or provide) the use of current financial resources and, therefore, is not reported as expenditure in governmental funds.

Deferred Outflows/Inflows of Resources - Change in compensated absences and OPEB obligations does not require (or provide) the use of current financial resources and, therefore, is not reported as expenditure in governmental funds.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***

***N. Fund Balances/Net Position -***

As of these financial statements, the District has adopted GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints:

Nonspendable -

Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted -

Amounts that are restricted to specific purposes externally imposed by creditors, grantors, contributors, or imposed by the laws or regulations of other governments.

Committed -

Amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (District Board). To be reported as committed amounts cannot be used for any other purpose unless the District takes the highest level action to remove or change the constraint.

Assigned -

Amounts the District intends to use for a specific purpose. Intent can be expressed by the Board of Directors or by an official or body to which the Board of Directors delegates the authority.

Unassigned -

Amounts that have not been restricted, committed, or assigned to specific purposes or other funds.

When the District incurs an expenditure for purposes for which various fund balance classifications can be used, it is the District's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance. The District establishes (and modifies or rescinds) fund balance commitments by passage of a resolution and formal action of the Board. This is done through adoption and amendment of the budget.

In the government-wide financial statements, net position represents the difference between 1) assets and deferred outflows of resources and 2) liabilities and deferred inflows of resources. Net position invested in capital assets are reduced by accumulated depreciation and by outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use by the board of directors, designation, or through the enabling legislations adopted by the District or through external restriction imposed by creditors, grantors or laws or regulations of other governments. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then unrestricted resources as they are needed.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)***

***O. Retirement Plan and Other Post-Employment Benefits -***

Financial reporting information pertaining to the District's participation in the Texas County and District Retirement System (TCDRS) was prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*.

Financial reporting information pertaining to the District's post-retirement healthcare and death benefits were prepared in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

***NOTE 2 - CASH AND INVESTMENTS***

The District invests funds that are not immediately needed in certificates of deposit or government securities. The Jefferson County Treasurer has been designated to make all investments for the District based on policies established by the District's Board of Commissioners. Deposits in financial institutions are required by statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and be held in safekeeping by the Federal Reserve Bank for the benefit of the District and the market value of the pledged securities must total at all times the value of the deposits placed in the institutions less the amount protected by federal depository insurance. As of September 30, 2019, the deposits at Wells Fargo Bank were entirely insured by federal depository coverage and pledged securities.

***A. Deposits -***

At year-end, District's bank balances totaled \$78,095,572 and the carrying amount of these accounts was \$77,037,528.

***B. Investments -***

The investments that are represented by specific identifiable investment securities are classified as to credit risk by the three categories described below -

***Category 1 -*** Insured or registered or securities held by the District or its agent in the District's name

***Category 2 -*** Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the District's name

***Category 3 -*** Uninsured and unregistered, with securities held by the counterparty or by its trust department or agent but not in the District's name

As of September 30, 2019 all of the District's investments were classified as Category 1, as described above.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

**NOTE 2 - CASH AND INVESTMENTS (Continued)**

**B. Investments - (Continued)**

The District had the following investments as of September 30, 2019

	<u>Cost</u>
U.S. Federal Home Loan Bank	\$ 5,000,000
U.S. Federal Home Loan Mortgage Corporation	4,000,000
U.S. Federal National Mortgage Association	<u>10,000,000</u>
Total	<u>\$ 19,000,000</u>

**Interest Rate Risk**

Fair value fluctuates with interest rates and increasing rates may cause fair value to decline below cost. In compliance with the District's Investment Policy, the District minimized interest rate risk by limiting the weighted average maturity of the portfolio to 1,096 days with a stated final maturity date not to exceed 3 years from the date of purchase. In addition, the portfolio is structured so that securities mature to meet cash flow requirements, thereby avoiding the need to sell securities prior to maturity and below the original cost.

**Credit Risk -**

In compliance with the District's investment policy, as of September 30, 2019, all of the District's purchased investments in U.S. Agency Securities were rated AA+ and Aaa by Standard & Poor's and Moody's, respectively.

**Concentration Risk -**

The District's investment policy is to diversify its portfolio to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of investment.

**NOTE 3 - PROPERTY TAXES**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and payable by January 31 of the following year. Property values are assessed by the Jefferson County Appraisal District and taxes are collected by the County Tax Collector. The tax rate for 2018 was set at \$0.092067 per \$100 of appraised property value with a 20% homestead exemption and the tax rate for 2019 has been set at \$0.092067 per \$100 of appraised property value with a 20% homestead exemption. District property tax revenues are recognized when actually received. The amount of billed but uncollected taxes is included on the balance sheet with an offsetting "contra" account entitled "Deferred Revenue."

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

**NOTE 3 - PROPERTY TAXES (Continued)**

Property taxes receivable as of September 30, 2019, were comprised of the following -

<u>Year of Levy</u>	<u>General Fund</u>
2018	\$ 1,008,637
2017	203,017
2016	154,167
2015	133,431
2014	106,077
Before 2014	183,281
Total property taxes receivable	1,788,610
Less: Allowance for uncollectibles	(786,094)
	<u>\$ 1,002,516</u>

**NOTE 4 - CAPITAL ASSETS**

The District completed the Taylor's Bayou paving project and is in the preliminary engineering and development phase of the Deepening Project for the Sabine-Neches Waterway. Disposals consist of obsolete assets either salvaged or scrapped during the year.

Activity for capital assets is summarized below -

	<u>Balance Oct. 1, 2018</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance Sept. 30, 2019</u>
Construction in progress	\$ 2,050,440	\$ 169,550	\$ -	\$ 2,219,990
Land and easements	7,567,121	-	-	7,567,121
Structures	28,708,384	21,148	-	28,729,532
Furniture and equipment	810,427	78,204	-	888,631
	<u>\$ 39,136,372</u>	<u>\$ 268,902</u>	<u>\$ -</u>	<u>\$ 39,405,274</u>
Accumulated depreciation	12,105,485	1,082,107	-	13,187,592
Capital assets, net	<u>\$ 27,030,887</u>	<u>\$ (813,205)</u>	<u>\$ -</u>	<u>\$ 26,217,682</u>

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 5 - RETIREMENT PLAN***

***Plan Description -***

The District provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of more than 700 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas 78768-2034.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 10 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

***Funding Policy -***

The employer has elected the annually determined contribution rate (variable-rate) plan under the provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The rate contributed for the months of the accounting years 2018 and 2019 was 9.72% and 9.52%, respectively. The deposit rate payable by the employee members for the months of the accounting year in both 2019 and 2018 was 7% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

***Contributions -***

The required contribution was determined as part of the December 31, 2018 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at December 31, 2018 included (a) 8.00 percent investment rate of return (net of administrative expenses), and (b) projected salary increases of 4.9 percent. Both (a) and (b) included an inflation component of 3.5 percent.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

**NOTE 5 - RETIREMENT PLAN (Continued)**

**Contributions - (Continued)**

For the employer's accounting year ended September 30, 2019, the annual pension contribution for the TCDRS plan by its employees was \$57,457 and the employer cost was \$78,404. Contributions payable at September 31, 2019 for the employer portion of the pension expense was \$6,860 and the employee portion was \$5,044.

**Net Pension Liability/ (Asset) -**

	<i>December 31, 2017</i>	<i>December 31, 2018</i>
Total pension liability	\$ 1,518,332	\$ 1,689,936
Fiduciary net position	1,477,225	1,544,556
Net pension liability/ (asset)	41,107	145,380
Fiduciary net position as a % of total pension liability	97.29%	91.40%
Pensionable covered payroll <sup>(1)</sup>	\$ 643,025	\$ 738,847
Net pension liability/ (asset) as a % of covered payroll	6.39%	19.68%

The total pension liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below:

*Note: Rounding differences may exist above or in other tables in this report*

<sup>(1)</sup> Payroll is calculated based on contributions as reported to TCDRS

**Discount Rate -**

Discount rate <sup>(2)</sup>	8.10%	8.10%
Long-term expected rate of return, net of investment expense <sup>(2)</sup>	8.10%	8.10%
Municipal bond rate <sup>(3)</sup>	N/A	N/A

<sup>(2)</sup> This rate reflects the long-term rate of return funding valuation assumption of 8.00%, plus 0.10% adjustment to be gross of administrative expenses as required by GASB 68.

<sup>(3)</sup> The plan's fiduciary net position is projected to be available to make all projected future benefit payments of current active, inactive, and retired members. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return, and the municipal bond rate does not apply.

**SABINE-NECHES NAVIGATION DISTRICT**

***Actuarial Methods and Assumptions Used for GASB Calculations -***

All actuarial methods and assumptions used for this GASB analysis were the same as those used in the December 31, 2018 funding valuation, except as noted below and throughout this report. Please see the Sabine-Neches Navigation District of Jefferson County Texas December 31, 2018 Summary Valuation Report for further details.

Following are the key assumptions and methods used in this GASB analysis -

Valuation Timing	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
Actuarial Cost Method	Entry age normal <sup>(1)</sup>
Amortization Method	
Recognition of economic/demographic gains or losses	Straight-line amortization over expected working life
Recognition of assumptions changes or inputs	Straight-line amortization over expected working life
Asset Valuation Method	
Smoothing period	5 years
Recognition method	Non-asymptotic
Corridor	None
Inflation	2.75%
Salary Increases	4.9%
Investment Rate of Return	8.10% (Gross of administrative expenses)
Cost-of-Living Adjustments	Cost-of-Living Adjustments for Jefferson County Sabine-Neches Navigation District are not considered to be substantively automatic under GASB 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.
Retirement Age	60 and above
Turnover	New employees are assumed to replace any terminated members and have similar entry ages.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2019

***NOTE 5 - RETIREMENT PLAN (Continued)***

***Actuarial Methods and Assumptions Used for GASB Calculations - (Continued)***

Key assumptions and methods used in this GASB analysis -

**Mortality**

Depositing members	90% of the RP-2014 Active Employee Mortality Table for males and 90% of the RP-2014 Active Employee Mortality Table for females, projected with 110% of the MP-2014 Ultimate scale after 2014.
Service retirees, beneficiaries and non-depositing members	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Disabled retirees	130% of the RP-2014 Disabled Annuitant Mortality Table for males and 115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

*<sup>(1)</sup>Individual entry age normal cost method, as required by GASB 68, used for GASB calculations. Note that a slightly different version of the entry age normal cost method is used for the funding actuarial valuation.*

***Long-term Expected Rate of Return -***

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2019 information for a 10 year time horizon.

Note that the valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2017. See Milliman's TCDRS Investigation of Experience report for the period January 1, 2013 - December 31, 2016 for more details.

2030 - 2031	615,000	26,138	641,138
	<u>\$ 9,725,000</u>	<u>\$ 2,897,300</u>	<u>\$ 12,622,300</u>

**NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS**

The District provides certain post-retirement health care benefits to eligible retired employees and their spouses. The plan is a single-employer defined benefit plan and is administered by the District. To be eligible for this benefit an employee must be at least 60 years of age and have at least 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more.

**Covered Benefits -**

Pre-65 coverage (HAS Plan)

In-network coverage includes \$2,000 / \$4,000 individual/family deductible.

Out of pocket maximum \$4,500 / \$6,850. Includes pharmacy.

No Out of Network coverage. Full premium covered by the Plan for both participant and spouse.

Service

Years and months of service as a covered participant.

At September 30, 2018, the following employees were covered by the benefit terms:

	<u>2018</u>
Inactive employees or beneficiaries currently receiving benefit payments	1
Inactive employees entitled to but not yet receiving benefit payments	0
Active employees	10

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
- Continued -

**NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS (Continued)**

***Funding Policy -***

The retiree medical plan is operated on a Pay-As-You-Go basis. There are no assets that have been segregated and restricted to provide for retiree medical benefits. For the year ended September 30, 2019, the cost of retiree health benefits, recorded on a pay-as-you-go basis was \$2,280.

***Actuarial Methods and Assumptions -***

Actuarial valuations for an ongoing Plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continuous revision as actual results are compared to past expectations and new estimates are made about the future. Although the valuation results are based on values the District's actuarial consultant believes are reasonable assumptions, the valuation result is only an estimate of what future costs may actually be and reflect a long-term perspective. Deviations in any of several factors, such as future interest rate discounts, medical cost inflation, Medicare coverage risk, and changes in marital status, could result in actual costs being greater or less than estimated.

The District's total OPEB liability for health care benefits was measured as of September 30, 2018, and was determined by an actuarial valuation as of October 1, 2017. The valuation includes all active employees and current retirees and their spouses who are currently receiving benefits under the retiree medical plan. Historical changes in the OPEB liability were used to roll forward the OPEB liability to the reporting date September 30, 2019.

The total OPEB liability in the September 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

**Economic Assumptions**

Single Equivalent Interest Rate  
(Discount Rate)

End of Measurement Period	3.83%
Beginning of Measurement Period	3.50%

**Asset Return** Not applicable. No assets.

**Medical Benefit Assumptions**

Average annual per capita claims cost:		\$ 9,648
	55	\$11,484
	60	\$13,632
	65+	\$ 3,600

**Healthcare cost trend rate** 7.0% in Year 1 reducing 0.50% per year for 5 years, reaching 5.0% in Year 5 and after

Administrative expenses Included in above per capita costs

**Basis for Per Capita Claim Cost Assumptions** Best estimate assumptions developed based on current premium and projected prior claims cost.

Medical Retiree claims cost were developed from this assuming aging curves.

**NOTE 8 - OPERATING LEASES**

On June 1, 2003, the District entered into two long term land lease agreements with Crain Lands, L.L.C. (lessor) and Crain Brothers Ranch (lessor) that are due to expire the last day of May 2053. The District is obligated to pay the lessor alternative annual additional rent amounts in the sum of \$7,600 and \$7,525, respectively, for the two properties for the duration of the lease agreement. The alternative additional rent amounts shall be adjusted as of the first day of each such five (5) year period of this lease ("Adjusted Index") compared to the Consumer Price Index last reported immediately preceding the beginning date of the lease or the beginning of the most immediately preceding five (5) year period whichever is applicable ("Beginning Index").

On October 9, 2006, the District entered into a long term spoil servitude agreement with BP American, Inc. The term of this servitude agreement shall commence on October 17, 2006 and continues until October 17, 2056. The tracts of land that makes up this agreement contain a combined total of 384.67 acres, more or less, said tracts of land being designated and considered as part of Disposal Area No. 5 on Corps of Engineers documents. During the fifty year primary term of this servitude, grantee shall pay to grantor the total minimum annual rental of \$19,233.50 for each year this servitude is in effect. This amount will be adjusted each five year period at 100% of the increase of the Consumer Price Index (CPI) from October 1, 2006.

Lease expenditures were \$26,288 (including taxes and insurance) for the year ended September 30, 2019.

Minimum future lease payments as of September 30, 2019 were as follows:

2020	\$	19,234

**NOTES TO FINANCIAL STATEMENTS**  
- Continued -

**NOTE 9 - FUND BALANCE/NET POSITION**

Classification of fund balances for the governmental fund statements are summarized below.

**A. *Restricted for Promotion and Development -***

A restriction of net position of \$58,143 will be used for District promotional and development efforts.

**B. *Restricted for Special Revenue -***

This fund will be used for future waterway security expenses.

**C. *Assigned for Operating Reserve - (Governmental fund financials only)***

An assignment of net position in the amount of 25% of the original, board-approved budget expenditures for the fiscal year will be used as an operating reserve for the operations of the Sabine-Neches Navigation District.

**D. *Assigned for Capital Projects - (Governmental fund financials only)***

An assignment of net position in the capital projects fund will be used for the Deepening and Widening project of the Sabine-Neches Waterway District.

**NOTE 10 - COMMITMENTS AND CONTINGENCIES**

In June of 2014, the President signed into law the Water Resources Reform and Development Act authorizing several projects across the country, including the Sabine-Neches Waterway Channel Improvement Project. This project will deepen the waterway to 48 feet allowing for increased capacity utilization of deep draft vessels into the Sabine-Neches Waterway.

With the 114<sup>th</sup> Congress' passage of the 2016 Water Resources Development Act, the local cost share for the project was effectively reduced by roughly \$100 million dollars. Subsequently, Congress provided \$557,000 in its 2019 Work Plan Fund to the United States Army Corps of Engineers to begin Preliminary Engineering and Design (PED).

Along with the District's cost share responsibility of the deepening project, the District is also responsible for 50% of the cost of all utility relocations necessary for the channel deepening, as well as providing lands and easements. The District is currently exploring avenues of raising funds for its portion, which is in excess of \$300 million of the \$1.28 billion dollar project, as well as advocating for the Federal Appropriations in order to begin the construction of the project.

The Fiscal Year 2019 Work Plan provided by the 115<sup>th</sup> Congress in November of 2018 appropriated \$18 million dollars to the United States Army Corps of Engineers to fund the new start construction of the project. Construction is projected to begin the fourth quarter of fiscal year 2019.

**SABINE-NECHES NAVIGATION DISTRICT**  
Jefferson County, Texas

**NOTES TO FINANCIAL STATEMENTS**  
- Continued -

***NOTE 11 - RISK MANAGEMENT***

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Most of these risks are protected by insurance. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

***NOTE 12 - INTERFUND TRANSFERS***

The District transferred funds from the General Fund to the Capital Projects Fund to reserve monies for capital outlay expenditures in the amount of \$13,177,587 and to the Debt Service Fund for 2019 debt service payments in the amount of \$1,083,074.

***NOTE 13 - PRIOR PERIOD ADJUSTMENT***

During the fiscal year ended September 30, 2018, the District approved other post-retirement benefits for employees. The result of the adoption of the other post-retirement benefits decreased the beginning net position by \$843,289.
